Digital Conference

Pricebook for Sponsors

Who are we?

Wolfgang is a senior storage consultant, enterprise storage architect and the Storage-Forum's technical brain. He co-founded sys4 AG, globally renowned for large scaled email infrastructure and email security expertise.

Kerstin is an experienced, passionate business consultant, copy writer (ICT only, open source first) and the editor in chief of storage-forum.de. She initiated and organizes data://disrupted.

100% digital. 365 days online. 72 hours live.

As an attendee

- Learn about the latest trends and technology in enterprise storage.
- Join from any place at any time.
- Get insights from product developers directly.

Why participating?

- Visibility and strengthening of brand awareness
 - Greater range
- Significantly lower hurdles compared to offline events
 - Get insights from users directly
 - Elimination of travel time and costs
 - Environmentally friendly
- Low barriers for more diversity and inclusion

As a sponsor

600.000 reasons why going green matters to tradeshow
